We have a role to play

As a school, we believe we have a fundamental role to play; one we can't ever avoid or delay.

For the past 40 years, we have chosen to participate in the transformation of our world, actively and positively - this is our test and our ultimate driver.

We believe we should support those who strive to be better as people, professionals and leaders - individuals aware of the impact of their actions.

As we keep widening our horizons, we will continue to welcome those who are at the forefront of change, looking forward by working together.

As we keep our minds open to wonder, we will secure a common ground for a new world, where ideas and ideals can flourish naturally, safely, freely.

As the world continues to change, we will endure by adapting to its multiple challenges; and as the world continues to challenge us, we will stay true to who we are:

A community of world citizens who want to improve people's lives and in doing so, prove our collective potential to do better.

Forty years have passed since we were first named New.

We know we will always have a role to play, one we will never avoid or delay - we are a Nova school for all the pioneers of a greater world.

OUR VALUES

Rigor
Excellence in all school activities, from students' admissions to academic analysis, research and school management.

Impact
Commitment to transform the world in responsible and inclusive ways.

Vanguardism
An innovative mindset that is open to disruption and not afraid to take chances.

Connectivity
A sense of responsibility for establishing bonds with society and stakeholders, to engage a global and supportive community.

Worldliness
Eager to work with everyone who strives for positive change and to create crosscultural synergies. An open attitude that enhances diversity in all of its dimensions.
Are you ready to draw your future?

Choose to study where you will be challenged to improve yourself every day and the world in which you can have a mindful impact.

The Bachelor’s in Economics Program

The undergraduate first-degree programs in Economics and Management are structured in semesters. For each course attended and successfully completed, students are awarded a number of ECTS (European Credit Transfer System).

In order to complete the undergraduate first-degree programs, it is mandatory to enroll in at least six academic semesters and successfully achieve between 180 and 195 ECTS credits.

The undergraduate program in Economics stands on a selection of core courses that contribute to the development of a solid training in economics, management, and quantitative methods. Students acquire a balanced mix of technical and scientific knowledge besides receiving a general education in related areas, such as law and social sciences, among others.

“The environment that we live at Nova SBE is amazing for our education, academically and personally speaking. The possibility of meeting people from different cultures on a daily basis, to be assisted by such a friendly team of coordinators, and at the same time learn with the best professors is something that few universities can offer. Overall, I can say that Nova SBE is not only my university, but also my home away from home, and to see it grow makes me really happy.”

ENRICO OLIVEIRA
BACHELOR IN MANAGEMENT '19
Nova SBE Knowledge Centers

Lead by our faculty, research is the key activity that underpins the entire academic output of the school. We value investigation and experimentation that results in positive changes in the world, the kind that challenges status quo, encourages entrepreneurs, influences leaders, and inspires people to wonder ‘why not?’.

NOVA SBE ECONOMICS FOR POLICY KNOWLEDGE CENTER

Scientific coherence meets real world experience to analyze key challenges from private and public sector organisations. This center uses fundamental tools from economics to tackle relevant issues in organizations, companies, and society at large.

NOVA SBE HEALTH ECONOMICS & MANAGEMENT KNOWLEDGE CENTER

Nova SBE’s research unit and knowledge center for Health Economics, Health Management, Health Policy, and Public Health. It produces and disseminates scientific knowledge that is useful to society and can contribute to well-informed and well-reasoned decision-making.

NOVA SBE LEADERSHIP FOR IMPACT KNOWLEDGE CENTER

Nova SBE has recently established the Leadership for Impact Knowledge Center, where stakeholders converge to co-create transdisciplinary solutions for societal challenges and contribute to the Sustainable Development Goals.

NOVA SBE FINANCE KNOWLEDGE CENTER

A Knowledge Center that brings together the human resources and the activities developed in the Finance area of Nova SBE. Its aim is to strengthen the cooperation between the school and industry, through better research and education in finance.

NOVA SBE ENVIRONMENTAL ECONOMICS KNOWLEDGE CENTER

A center for academic research and policy advice in environmental and natural resources economics. This center’s mission is to produce high quality multidisciplinary research by fostering cooperation between economists and environmental scientists.

NOVA SBE DIGITAL BUSINESS & TECHNOLOGY KNOWLEDGE CENTER

Designed to operate at an applied level in the intersection of Management and Technology, this center promotes the understanding of advanced digital technologies in organizations and society, enabling the development of new business models, products and services.

VENTURE LAB

An entrepreneurship center that strives to become an innovation catalyst for international entrepreneurs and corporate business, by establishing a strong link between the academy, the startup ecosystem, and the corporate world.

NOVAFRICA

A knowledge center that generates distinctive expertise on business and economic development in Africa, with a particular focus on Portuguese-speaking Africa: Angola, Cape Verde, Guinea-Bissau, Mozambique and Sao Tome and Principe.

Nova SBE is the home of the most innovative way of learning, sharing, and growing. The new campus stands out as an idyllic scenario for a learning experience like no other.
After graduation
Post-graduate studies

In Europe, close to 90% of Bachelor graduates move on to a master's program before starting a professional career. Your education in Economics or Management at Nova SBE opens the doors to top programs in schools all over the world.

Nova SBE master's offer different tracks for internationalization:

1. CEMS MASTER'S IN INTERNATIONAL MANAGEMENT
   This joint degree is designed to provide future multicultural and multilingual managers the skills to thrive in tomorrow's business environment. The program comprises one semester at one of the 30 CEMS schools worldwide and the other semester at Nova SBE, leading to the awarding of two Master's degrees – one from Nova SBE and one from the CEMS Alliance.

2. DOUBLE DEGREE
   The Double Degree format aims to deepen the students’ knowledge about specific markets and increase their chances of pursuing an international career. The program comprises one year at one of Nova SBE’s worldwide partner schools, leading to the awarding of two Master's degrees – one from Nova SBE and one from the partner school.

3. EXCHANGE PROGRAMS
   This program enables students to immerse themselves in a local culture abroad and extend their network by spending one semester at one of Nova SBE's international partner schools. Students can choose from business schools in countries such as Australia, New Zealand, Argentina, Mexico, Sweden, and Norway, to name a few.

At Nova SBE you can enrol in top ranked programs:

INTERNATIONAL MASTER’S IN FINANCE
21st Worldwide

INTERNATIONAL MASTER’S IN MANAGEMENT
30th Worldwide
9th in CEMS MIM

EUROPEAN BUSINESS SCHOOL
30th Place

EXECUTIVE EDUCATION
62nd Worldwide

THE LISBON MBA
80th Worldwide
18th in Europe
“I attended Nova SBE as an undergraduate and it was really a key step in my career. Most importantly it was not only the university degree – which is great – but also the fact that the school and the faculty taught me how to think. And that’s a critical skill that has been very important throughout my career so far.”

ANTÓNIO SIMÕES
CEO, HSBC UNITED KINGDOM & EUROPE, ALUMNI
FIND YOUR PLACE AT NOVA SBE
SO YOU CAN FIND YOUR PLACE IN THE WORLD

Applications: February 1st until May 15th*

SPRING INTAKE - Starts in February
Applications: September 1st until November 20th

WHAT DO YOU NEED TO APPLY?

50 % National Mathematics A Exam (or approved equivalent)
50 % Final High School grade

NON-EU STUDENTS:

HOW TO APPLY?

STEP 1 - FILLING IN THE APPLICATION FORM

Complete the online application form available at novasbe.unl.pt. When completing this step, you will be asked to attach the following documents:
- Passport photo
- Copy of Passport
- CV in English
- Transcript of grades with a full list of courses and corresponding grades of the last two years of high school
- Motivation letter in English (applicants must write a motivation letter (maximum one page) explaining why they wish to apply to Nova SBE’s Economics or Management degree, what their particular interests are in the field, and what their hopes and expectations are regarding their studies. The letter should explain the applicant’s personal strengths, areas of interest, and motivation for advanced studies.
- English Certificate (e.g. IELTS) when/if available.

STEP 2

Online mathematics test. This is an eliminatory step.

STEP 3

Two skype interviews will be arranged. One concerning your motivation letter, and the other one will be conducted by a math professor to address further mathematics skills.

FEES

TUITION FEE: 7500€ PER YEAR*
- Application fee: 70€ (non-refundable)
- Admission fee: 10% of tuition fee
- Admissions fee: Admitted candidates will have to pay 10% of the tuition fee to be deducted from the total tuition fee. No exceptions or late payments will be accepted.
- All payments should be in euros.

* The tuition fee is subject to change. Admissions students can defer for up to one semester without having to reapply. However, they must pay the enrollment fee to guarantee their place and inform the school no later than one month prior to the beginning of term. Non-respect of this deadline or an unsuccessful request to defer will require submission of a new application.

SHALL WE GET STARTED?
